

MEETING MINUTES January 2016

Present:

Monika, Radu, Flavius, Matt, Cipi, Yuriy, Alixandru, Iacob, Francis, Patrice, Flavius, Matiss, Mahmoud, Luci

Yoshi's birthday will be January 30 Happy Birthday and remember to sign his card :)

We just got our new edge bander. This is a state of the art edge bander with no seam technology. Safety wise it's all the same as the older model we traded in. Cipi will actually notice it's easier to use than the older one as there are no more manual adjustments to do. Everything is digital and you just need to know the material you're working with and it calculates all the specs for you.

The City of Poco still has not finalized our occupancy. They say they are tied up because of plumbing, plumbing says they are tied up because of fire department. Basically it all has to do with the spray booth. When it was originally installed it was all engineered up to code but now the codes have changed and they want us to upgrade it.

The building inspector also noted that there are no graspable handrails so Francis will go to Westcoast Moldings and buy some handrails. Iacob or whoever is available please make sure to install them ASAP

Francis will be buying some more drill guns and small tools but he will be labelling them so from now on everyone has to keep track and take care of their own tools.

The upstairs mezzanine is turning into a storage unit for junk. Please do not store anything up there. Sort and recycle or throw away but do not use it as storage.

The heater in unit 130 doesn't work. Monika to call repair guys to fix it.

January 9 – 13 we will all be going to Whistler for our staff retreat. We'll be staying at the Chalet Edelweiss. This lodge has 10 bedrooms and is 20 minutes walking distance from whistler village. Please make sure to carry winter chains as the roads to Whistler can become snowed in overnight. I should mention: The cabin will be paid for by Sofo. All you guys need to bring is food (we'll be cooking together) drinks snacks etc. You can take unpaid time off or vacation time off or if you don't have any talk to Radu to see when and how you can make the time up.
