Cipi's off September 2 and 6

Not much in terms of safety everyone doing a great job keeping their areas clean and tidy, we just did a great clean up of the mezzanine and threw a lot of stuff away. Rails also need to be dusted.

Compressor leaking – Flavius to call Wiseworth to schedule maintenance.

Monika to check fire extinguishers, to make sure they are up to date and service if necessary.

The heaters are broken again/still... we will switch companies as these guys already charges us twice and the units are still broken

Remember do NOT use compressed air to clean yourself up. It's very dangerous!
