Monthly Safety Meeting

Present:

Matt, Flavius,Monika,Radu,Anja, Mario, Jeff, Ica, Sandu, July, Nicu, Lucas, Iacob, Gabriel,

We are keeping eyes on the weather . Looks like 37 degrees on Thursday so let's work on the "modified heat schedule"

- work 5 - 11 AM

go home

- work 6 - 8 PM

- Let us know if this works and or if you have any suggestions or comments.

Forklift had some issues. Lights not working, emergency break tone was continuously beeping and we needed a new battery. All of these were fixed now and forklift is operational again. So reminder to please make sure to use the seatbelt when using it.

You heard in the news about A reversing garbage truck that struck and fatally injured a pedestrian?! PLease be mindful that this could happen anywhere. Our alley is small and weird, access is not easy and it could happen here. Please always make eye contact with the driver, NEVER walk behind one of the delivery trucks. just wait. There is always time

Next MEeting: September 7,2021
