As you probably all heard Francis, Radu's dad is not doing well . His cancer has spread. The family is grateful for all the support. It is much appreciated/needed at this time. Please continue praying for us!

The hearing test was January 7 . We are waiting for the results. Heard back regarding the forklift training. It will be January 27. Please do not miss work that day as it will be done in-house.

- thanks Matt for taking care of the road salt. We had no slips and falls
- thanks for Julio for helping with the snow shovelling.
- please be careful with the dust bin. It has a full bin indicator that needs to be out of the way when being hauled others it might get caught and break. Gabriel demonstrated correct way of keeping the indicator
- compressor room was left open over night. Please remember to close it as the oil gets very cold and can clog up at this time of the year.
- Jeff and Ica to go to Panatch jobsite for touch ups. Make sure to wear your helmet , Hi-vis vest, steel toe boots.
- we had a break in , they stole some wires, over \$1,000 in damage. Monika to look into getting some quotes for a new gate
- need to hire some help for spray booth. PLease ask around if you know of someone that is hiring we offer a \$500 bonus is the person passes 3 month probation

Any issues?

Anja: please make sure to order ahead of time, I need a week notice

Ica: need everyone to keep their area clean, the doors are slippery with dust on them
