

April 6,2021

Monthly Safety Meeting

Staff present:

Radu, Matt, Flavius, Monika, Nicu, Sandu, Ica, Anja, Jeff, Iacob, Alvi, Yuriy, Mario,Alvi,Dominic

- COVID update: 1,068 new cases since yesterday. No break in sight. Keep doing the good work in decontaminating incoming packages, using masks and gloves. If you have any symptoms please do not come in to work. Get tested stay home until you get the result.
- please no vaping inside the building
- if you need to work overtime and find yourself alone follow our working alone policy. Let's review together (attached as appendix)

Next meeting: May 11,2021

# Working Alone Policy and SOP

---

Originator:	Monika Soos	Date of Creation	October 2011
Effective Date:	Immediately	Last Review Date:	February 2019

---

## 1. PURPOSE

To ensure as far as is reasonably possible, the health and safety of staff who may work alone:

- Regulatory restrictions prohibiting individuals from working alone are known and observed
- Working alone situations are identified and assessed jointly by supervisors and the person working alone.
- Standard Operating Procedures (SOPs) are developed as warranted by an assessment of the risk associated with the Working Alone situation under review;
- Training and instruction is provided to all individuals covered by a Working Alone SOP.

To ensure compliance with the Occupational Health and Safety Act and Regulations, Statutes and Codes pertaining to the safety of persons working alone.

## 2. SCOPE

All staff who work alone.

## 3. RELATED DOCUMENTS

- BC Occupational Health and Safety Act.
- Lockout/Tagout SOP.
- Edgebander SOP
- Sliding Saw SOP
- Sofo Kitchens Safety Orientation and Training Program

## 4. RESPONSIBILITIES

### Role of Supervisor:

The supervisor shall: perform an assessment, in consultation with the worker, by evaluating work assignments on a case-by-case basis, considering the following criteria:

- is there a regulation, code or existing policy that prohibits a person from working alone on the task being assessed;
- tasks and associated hazards involved in the work being assessed;
- consequences resulting from a worse case scenario;
- possibility that an injury or incident could prevent the employee from calling from or leaving the area;
- personal safety issues for individuals working alone after regular working hours, taking into account the potential for harassment and violence;
- potential for other people to be in the area if emergency assistance is required;
- emergency response time;
- security of the work area;
- employee's / student's training and experience;
- physical disabilities or medical conditions;

### 5. Role of Worker :

The Worker shall:

- participate in the evaluation of the risks associated with tasks which involve persons working alone; and
- follow the procedures outlined in any Standard Operating Procedure implemented for their protection.

### 6. Standard Operating Procedures (SOPs):

If, after consultation with the involved individual(s), it is decided that they can work alone safely under controlled conditions, the supervisor shall provide a Standard Operating Procedure that includes but shall not be limited to the following:

- identification of the individual(s) and work location;
- identification of the possible risks that may arise out of or in connection with the work to be performed;
- the required communications system i.e. radio, telephone, buddy system, etc.;
- the procedures to eliminate or minimize the identified risks;
- details of how emergency assistance will be obtained in the event of an injury or incident which may endanger the health and safety of the person working alone; and
- the SOP shall be kept on file and procedures updated as necessary

**NB. Working Alone Procedures can be included in the project or task SOP. This may include existing working procedures.**
