- (1) Re-inspection required
- (2) Re-inspection by registered professional required
- (3) Service
- (4) Main Distribution
- (5) Grounding
- (6) Bonding
- (7) Branch Circuits
- (8) Outlets
- (9) Motor Circuits
- (10) Space Heating
- (11) Appliances
- (12) Fixtures and Fittings
- (13) Permit
- (14) Temporary Service

This permit expires Mar 11, 2027 (Unless renewed by that date service may be discontinued without further notice.)

THE FOLLOWING DEFICIENCIES ARE TO BE RECTIFIED BEFORE: AND MUST BE LEFT ACCESSIBLE FOR RE-INSPECTION. PLEASE NOTIFY YOUR ELECTRICAL INSPECTOR WHEN THE WORK IS READY FOR RE-INSPECTION

This connection is approved. However a new permit must be taken out for the existing house, for this 100 Amp service alteration. The new permit number will be used for this temporary 100 Amp service alteration, from overhead to underground. The existing house will be knocked down in about four months.

Inspection Result: **Partially Approved**

Paul Kelly
