

Monthly Meeting March 16,2022

Attendance: Gabriel, Monika, Matt, Flavius , Andrea,Radu, Anja, Lucas, Ajmer,Nicu, Iacob, Luci,Ajmer,Mario,

Unfortunately we need to have short weeks. The supply chain has unfortunately caused major delays on the job-sites; as a consequence the job sites are not ready for us. We will close the shop a few days the following 2 weeks. Not sure the exact dates but for sure March 18 we will be closed. Gabriel will update the google calendar.

Again: This does not mean we don't have work, on the contrary. We have a lot just can't install it. Which will probably mean there will be a rush once they are ready for the cabinet installations.

Also since we have extra time we will do a major clean-up March 21.

Gabriel will designate whom will be using the scissor lift to dust the ducts, Ajmer please organize your area. All the extra glass can be chucked.

Let's clear the mezzanine. All the stuff can be moved to unit #4

We wil order an extra garbage load if needed.

Next safety meeting April 5,2022
