

Monthly May 11,2022

Attendance: Gabriel, Monika, Matt, Flavius , Andrea,Radu, Anja, Lucas, Ajmer,Nicu, Iacob, Luci,Ajmer,Mario,

Cirque du Soleil was moved to May 22.

Lots of people off on vacation. We are starting to see an increase in jobsites being ready for us so brace yourselves for mid may :)

May 6 we had the filed trip. It went great! Thank you so much for such a good job with the clean up and also for showing the kids how you do your jobs, for ushering them along making sure they observe the safety rules and for helping in the chair building contest. Iacob's team won!!! Of course

The compressor was down.Luckily the tech came in over the weekend to fix it. Apparently it was a very cold night and someone forgot to close the door to the compressor and that is what caused the break down. Please never leave it open.

Ajmer is unable to drive and pick up supplies so Lucas will be doing it this month. Lucas send Monika your DL .

Please note the exits around the storage areas were blocked and Ionel could not unload his truck. That is a hazard. Ajmer make sure to keep the doors clear.

Next safety meeting June 14, 2022
